

Dalton Pictures new studio and office facility will open in the Summer of 2016. This older building was purchased many years ago by DPEC. After many years of work, beginning with two side walls, the back wall, and the floor. The building was completely gutted, the front taken down and rebuilt into a modern media center and office building. There are 3 set areas, as well as a custom built kitchen stage for cooking shows. This complex will house the offices and production facilities for Dalton Pictures. The new facility is in Loris, SC. while Dalton Pictures has been based in Myrtle Beach.
